IT UNIVERSITY OF COPENHAGEN

Statement of Purpose
Master of Science in Software Design

Applicant	
Name:	
Date of birth:	
Name of bachelor programme:	
Name of university/institution where you studied the bachelor programme:	

1. Highlight aspects of your personal background (previous education, professional experience, etc.) that indicate your ability to successfully complete the MSc Software Design programme. Focus particularly on aspects that will help you to master the technical contents of the curriculum.

Max 200 words

2. Explain how the MSc Software Design would combine with your existing background (previous education, professional experience, etc.) and help you to further your personal goals.

Max 200 words

3. Provide other information relevant for the application. This may be left empty, but you can add anything you wish, e.g., strengths that we might otherwise overlook.

Max 100 words
